

---

App name - Food Delivery App

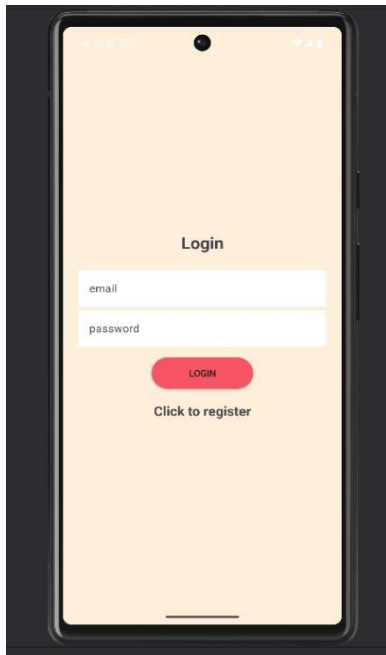

**Instructions to run the application**

- Run the app and the intro UI will appear. Then click the “GO” button there.

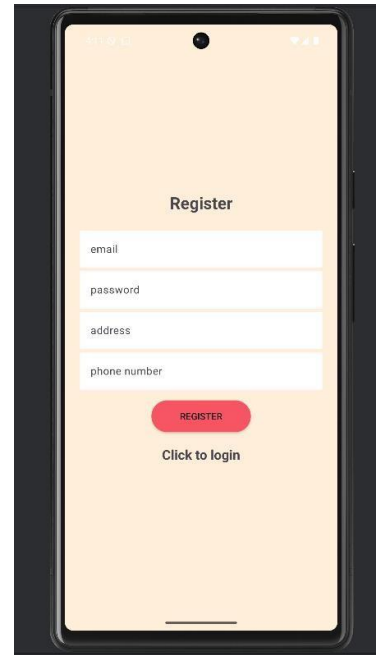

*Intro UI*

- After the click that button, the login UI will appear. If you already have an account with us, you can log in by providing your email and password and clicking the login button. Otherwise, you can click “click to register” and provide the required data to register and then log in.

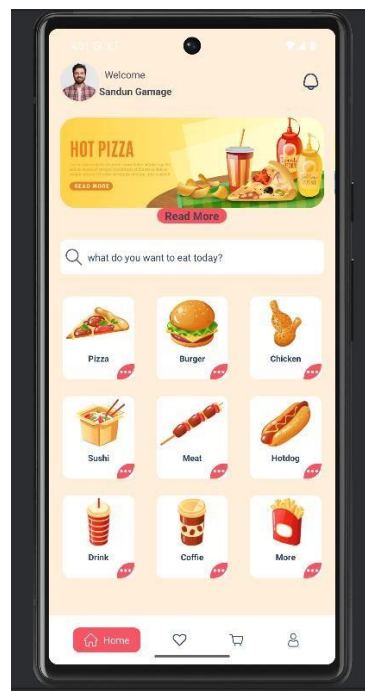

*Login UI*

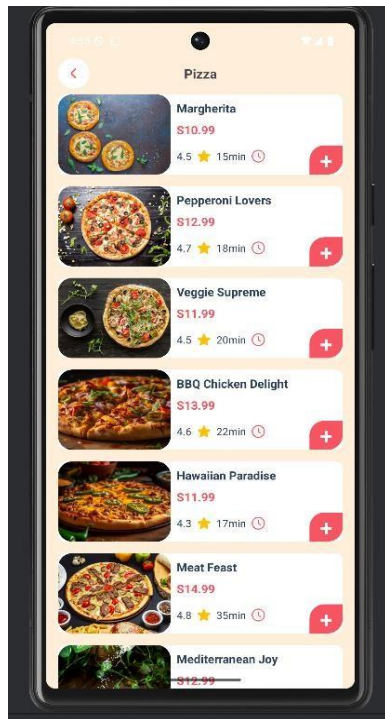

*Register UI*

- After logging in, the main UI appears and the foods are displayed according to different categories so that we can easily access the foods we want. You can go to the relevant sections by clicking the buttons at the bottom of the main UI (Home, Favorites, Cart, Profile) and you can go to the relevant information on Google by clicking the red “Read More” button below the top banner.

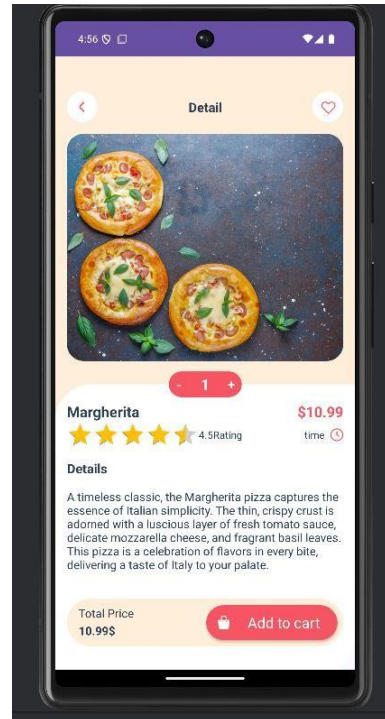

*Main UI*

- Clicking on the categories will display a list of the relevant foods, and clicking on a food will display its details, quantity, and the Add to Cart button. Select the quantity and click Add to Cart to add it to your cart

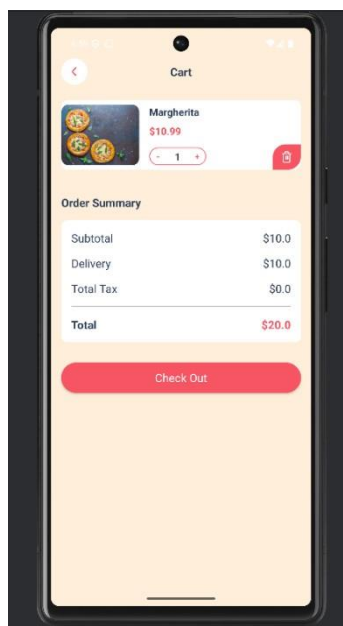

Food List UI

Detail UI

- Then to go to the cart section, go back to the main UI and click on the cart button at the bottom. The cart UI will appear and the foods you have added to the cart will appear and you can increase or decrease the quantity, remove it from the cart, or purchase it

- Finally, to log out, click the profile button that appears in the main UI and then click the log out button that appears there.
